

Requesting an ^{advisory} opinion

GT
C

To whom it may concern

I'm writing this letter to get something in writing for my district .My name is Patrick L Wright SR and I'm currently Alderman for District 3 in Simmesport Louisiana. It's a very small district. I would like to be able to pick up trash and cut grass in my district at no cost no donations .I would like to do this freely . Also I would like to ask if a private citizen in that district can volunteer to help out freely and can sign some type of wavior with the town ,would that be ok? If all of this is ok can I get something in writing that this is ok so I can address it at our next meeting. Thanks in advance.
